LeetCode

Summary

Computer Science and Engineering student with strong foundations in **Java, Data Structures & Algorithms, DBMS, and Web Development**. Skilled in **Java, SQL, HTML, CSS, JavaScript, and React.js**, with hands-on experience through academic projects. Seeking a **Software Developer** role to apply problem-solving skills, contribute to impactful solutions, and continuously grow as a software engineer.

Education

Bachelor of Technology in Computer Science and Engineering

Noida Institute of Engineering & Technology, Greater Noida

Sep 2023 – Present

8.55 CGPA

Senior Secondary Examination – CBSE Board

J.V. Public School, Muzaffarnagar, Uttar Pradesh

2020 – 2021

80%

Secondary Examination – CBSE Board

J.V. Public School, Muzaffarnagar, Uttar Pradesh

2018 – 2019

75%

Technical Skills

Programming Languages: Java, Python

Frontend Development: HTML, CSS, JavaScript, React.js

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, Postman, VS Code

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

Soft Skills: Problem Solving, Team Collaboration, Analytical Thinking, Communication

Experience

Web Development Intern — CodSoft

Aug 2025 – Oct 2025

- Crafted responsive landing pages and interactive user interfaces using HTML, CSS, and JavaScript.
- Optimized website responsiveness across desktop and mobile devices for web projects.
- Applied web development best practices to improve website performance and maintain clean, reusable code.

Projects

RozgaarX – Service Marketplace Platform

Live Demo — GitHub

React.js, Spring Boot, MySQL

- Built a full-stack service marketplace platform using React.js and Spring Boot.
- Implemented authentication and role-based access control for secure user access.
- Engineered worker booking, job allocation, and job tracking features to improve service management efficiency.
- Connected backend services with MySQL and delivered a responsive user interface.

User Management System

Java, MySQL

- Designed a user management system with secure authentication and role-based access control.
- Enabled full CRUD operations for efficient user data management.
- Established database connectivity while following clean coding practices and SDLC principles.

Certifications

- NCET Plus – SDE (Java), NIET College – B1 (New) — Score: 82.97%, Grade: O (Outstanding), August 2026
- Infosys Springboard – MOOCs and Skill Development Programs

Achievements

- Solved 150+ problems on LeetCode and other coding platforms.
